Intuition keeps us on the right track! By Judi Kupchin I have read most of Lynn's books - and I have found them all to be very helpful and also comforting. In order to pay attention to our intuition we have to become very aware of our bodies and minds - and that is what Lynn reminds us here in this book. That our 'selves' are always sending us signals about what is the best way for us to proceed. She provides us with many helpful hints, stories and tools about the benefits of using our intuitive signals, whether it be at work, or for life in general. Our intuition helps to keep us on the right track. Easy to read and enjoyable. 1 of 1 people found the following review helpful. Well written and informative guide for anyone who wants to ... By Mainedreamer Well written and informative guide for anyone who wants to take the steps to get in touch with their inner wisdom.

Intuition is the hot buzzword in business, but specific guidelines on how to trust your gut have been sorely lacking. Put Your Intuition to Work provides that missing link. Business is about making money, but it's also about making decisions. There are relatively small decisions, like when to call a meeting or which emails to answer quickly. Then there are the big decisions that can make or break a business - which product to launch, whom to hire, how to spend. Hard work, analytics, past successes, intelligence, and a great business plan aren't enough anymore. Many of us are scrambling to discover the path to success but have found instead that we've lost our way. Although many business leaders won't publicize it, intuition is a key part of their decision-making success. Put Your Intuition to Work offers numerous compelling stories from entrepreneurs and executives about how they successfully use intuition in their daily lives. It is an inspiring and practical guide to help you: *Make successful decisions when you don't have all the facts. *Tap into your passion as a personal source of guidance. *Discover the many ways to listen to your 'inner CEO'.

Put Your Intuition to Work is a wonderful illustration of the use of intuition as a valuable success tool in the workplace. Lynn Robinson shows us how we can harness the power of intuition to experience more happiness, health, and prosperity in every area of our business and personal lives.
