Thomas A. Barich : QuickBooks 2013 QuickSteps before purchasing it in order to gauge whether or not it would be worth my time, and all praised QuickBooks 2013 QuickSteps:

0 of 0 people found the following review helpful. Very handy!By lbhI even took a class on QuickBooks, but when I sat down to actually use the program, those classes weren't a lot of help. This Manual is great. You can look up your problem and get an answer - while you're working. If you too impatient to sit for hours listening to a class, then try getting answers while you're actually engaged with the program. It makes all the difference.4 of 4 people found the following review helpful. Walked me through what to do.By Angela SmithSimple to use. I was concerned that it would be harder to figure out. It looks like it will make everything easier when I have to do taxes.1 of 1 people found the following review helpful. Not what i wantedBy MEDoes not answer several questions I had. I knew how to set up, needed questions answered that was not covered in this book. Also was looking for a book with more lay mans terms.

This full-color, step-by-step guide to QuickBooks 2013 is the fastest, easiest way to master all the important features of the bestselling small business financial software. Get up and running on QuickBooks 2013 right away—the QuickSteps way. Full-color screenshots on every page with clear instructions make it easy to work with the new interface and start using the latest release of the leading small business financial software. Follow along and learn how to simplify bookkeeping, process invoices, manage payroll, track inventory, run reports, organize tax information, and much more. You'll also learn how to use the new and improved features, such as the new Icon Bar, new tabs, and the enhanced Navigator. This practical, fast-paced guide gets you started in no time! The unique, oblong layout of the QuickSteps series mimics your computer screen, displays graphics and explanations side by side, and lays flat so you can easily refer to the book while working on your computer. Use these handy guideposts: Shortcuts for accomplishing common tasks Need-to-know facts in concise narrative Helpful reminders or alternate ways of doing things Bonus information related to the topic being covered Errors and pitfalls to avoid
