**Ko Wang, Marvin L. Wolverton : Real Estate Valuation Theory (Research Issues in Real Estate)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Real Estate Valuation Theory (Research Issues in Real Estate):

Real Estate Valuation Theory is organized around five categories of intellectual contribution to the whole-appraiser decision making and valuation accuracy, application of nontraditional appraisal techniques such as regression and the

minimum-variance grid method, appraising contaminated property, ad valorem tax assessment, and new perspectives on traditional appraisal methods. One common thread is that all of the papers are exceptionally well written and thought provoking.
