From Palgrave Macmillan : Regionalizing Global Crises: The Financial Crisis and New Frontiers in Regional Governance (International Political Economy Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Regionalizing Global Crises: The Financial Crisis and New Frontiers in Regional

Governance (International Political Economy Series):

How are global crises responded and dealt with? Are there any links between regionalism and global crises in terms of stimuli, processes, and consequences? This edited volume brings together a range of examples illustrating the development and importance of regional actors in the global governance of the political economy.
