A collection of articles from the Chicago Tribune's popular feature that profiles the life of a different Chicago-area

woman every week, telling their most fascinating stories from youth through to the present. These women are everyday examples of inspiring, hardworking, and determined role models whose successes are too often overshadowed. These are stories of women who make a positive difference in society and their surrounding environments. From nonprofit organizers to business executives, local educators to community leaders, and athletes to artists, this book features an eclectic mix of women who run the professional gamut. What they all share, though, is what lends the series its name: they are simply remarkable.
