Richie Frieman : REPLY ALL...and Other Ways to Tank Your Career: A Guide to Workplace Etiquette (Quick Dirty Tips) before purchasing it in order to gage whether or not it would be worth my time, and all praised REPLY ALL...and Other Ways to Tank Your Career: A Guide to Workplace Etiquette (Quick Dirty Tips):

0 of 0 people found the following review helpful. Great for the budding young professional or seasoned managerBy Jessica A MilesYoung professionals with little or none experience can benefit from this book with the many tips provided. Season professionals should also read this book as a reminder what it is like to just be starting out and not be

a notorious difficult manager. As time changes things do too and Reply All will bring you up to speed. Plus you may remember something that you haven't practiced recently. Reply All is an easy and enjoyable read which can be read quickly. Filled with common sense practices anyone should read this book so they can avoid embarrassing situations and communicate better with everyone. I gave it a four only because I didn't learn anything profound but then again I've been in the game for a number of years and read many books as well as observed many situations. 0 of 0 people found the following review helpful. Good Read but not rocket science By AltarEgo23 I must admit I bought this book after following the author's podcast on iTunes. His podcasts are quick, witty and quite frankly-helpful. This book, on the other hand, left me wanting a bit more. It includes a lot of "If you've ever been out into society" kind of professional guidance; it isn't something I would recommend to a seasoned veteran in the working world who has managed to keep pace with modernity. I would, however, recommend it to either an (a) farm-fresh undergraduate who has never worked seriously beyond the typical high school gig, or (b) the work vet who is unfamiliar with the subtle but powerful changes social media has brought into the working world. While I don't regret the purchase, there are few nuggets of wisdom that I had never considered before and would say would blow the socks off the reader. Where I do give the author credit is brevity and comprehension. While most career guidance books may bore you, Reply All was actually quite hilarious at points and sobering at others. He makes no bones about what not to do at the workplace, and provides some helpful work-arounds in the event the unthinkable should happen. 1 of 1 people found the following review helpful. Very basic By TSOK book some good advice If you have internships you should know this stuff before you graduate from college. At worst you should know this stuff by the time you get your first job. This stuff is pretty basic. Can be read in an hour. Could be much shorter although the anecdotes can be amusing they don't add much content.

Millions of people have improved their lives with the help of Richie Frieman, the hilariously insightful writer known as the Modern Manners Guy on the Quick and Dirty Tips network. In Reply All...And Other Ways to Tank Your Career, he interviews dozens of CEOs, entrepreneurs, celebrities, and tastemakers to get the pros' take on workplace challenges of every flavor, including:- How to make a great first impression and land the job- How to deal with the Cubicle Invader- How to navigate the office party- What to do if you encounter your boss at the gym, naked- Relationships on the job-fact or fiction? With his signature wit and unique insight, Richie reveals the best ways to handle every sticky office situation with aplomb and class. Case studies, chapter quizzes, and even cartoons help to deliver actionable, easy-to-use etiquette tips to teach young professionals to navigate the minefield of their jobs and come out on top. Reply All...And Other Ways to Tank Your Career features interviews with celebrities like Steve Guttenberg and Lisa Loeb, with business titans like Barbara Corcoran, Ken Austin, and Michael Weinstein, and with CEOs of forward-thinking companies like Neil Blumenthal of Warby Parker and Sam Tarantino of Groovespark. Spike Mendelsohn, restaurateur and Top Chef, raves: "Reply All...And Other Ways to Tank Your Career provides solutions for all of your career problems, especially the ones that you were afraid to acknowledge. Richie Frieman's unique voice gives a cheeky approach to the faux pas we inevitably encounter. With tips from the pros and enough humor to match, you're bound to absorb the wisdom mid chuckle." Rob Samuels, COO of Makers Mark, says: "If only there was a guide like this when I first entered the workplace - filled with real world anecdotes and examples from leading professionals, and broken up with quizzes and visuals - I would've made far fewer missteps along the way. Reply All...And Other Ways to Tank Your Career spells out those unspoken professional standards and expectations in an easy to understand (not to mention hilarious) fashion for anyone starting their career."

From Booklist This funny yet serious little book is by the Modern Manners Guy on the Quick and Dirty Tips network. Publicity material calls it a guide to fixing workplace faux pas, and for this project, Frieman has gathered quotes, stories, and anecdotes from all kinds of people and has assembled those pieces into a lighthearted but pointed; helpful, in other words; handbook on manners in the workplace. From job-interview etiquette to socializing at work and even workplace romances, his discussions pull the quotes and stories he has gathered in each chapter into a section called The Pros Weigh In. These sections are followed by top 10 tips, which are presented in more than just list format. Each tip is actually a pithy little essay (a couple pages in length) that comes across as both entertaining and enlightening. Office workers should remember this important point: Nowadays it's pretty normal for people to transition to a different profession at least a few times in their working life. In other words, you gotta get along, over and over. --Brad Hooper "A road-map to survival. Richie Frieman has created a useful manual to keeping your job amid the ever-changing 21-st century landscaper"; "Electric About the Author A modern day Renaissance man, Richie Frieman is the host of the popular Modern Manners Guy podcast on the Quick and Dirty Tips network (with 6.6 million podcast downloads, and counting!). His distinct voice stems from his colorful career history, which includes stints as a professional artist and a professional wrestler. Whether in the boardroom or in the wrestling ring, Richie has seen manners at their best and their most bizarre. Richie's outlook on modern etiquette is humorous, honest, and above all else, practical. He is routinely featured on FOX News, Huffington Post, Shape, FHM, Sharp Magazine, Baltimore Sun, and many other media outlets. Richie is founder/CEO of the award-winning

music and lifestyle magazine *Pens Eye View*, for which he was awarded a Laureate medal at the 2008 Computerworld Honors Program (formerly known as the Smithsonian Award). Richie is also the author of several children's books and the founder of Charm City Babies, a fashion line that creates rock n' roll-inspired onesies and donates one article of clothing to charities worldwide for every one article sold. He lives in Baltimore with his wife and two children.
