Jatinder Loomba : Risk Management and Insurance Planning before purchasing it in order to gage whether or not it would be worth my time, and all praised Risk Management and Insurance Planning:

Risk management is the identification, assessment, and prioritization of risks, followed by coordinating and economical application of resources to minimize, monitor, and control the probability and impact of unfortunate events. This book comprehensively explains the causes of risks and the measures to mitigate the same by buying various insurance plans. The book lays emphasis on importance of Health Insurance, and new concepts like travel insurance. The Insurance Development Regulatory Act (IRDA) Acts and its importance is well-documented in the book. It is incorporated with Conceptual Cases, Exhibits and Figures give a practical approach to the subject. The

book is designed for the postgraduate students of management specializing in Finance/Banking/Insurance.
