Great Tips and Tricks book By Mexicoconut This is like having a QB expert user standing over your shoulder guiding you through processes you are unsure about. I wasn't sure how to set up and account for an employee wage garnishment for the small business I work for and the process was in the book and carefully explained with tried and true best methods. 2 of 2 people found the following review helpful. Excellent book! By ICBB Shopper This book is not for QuickBooks beginners. It is an excellent manual for people needing how-to's and workarounds and explanations and options. The author shares ideas

from her experiences with QB and clients. I definitely recommend this book and this author. I have purchased several books about QB by other authors.
