Incredible and motivational!By calvin stackpole"Just finished the book and I must say well done Bob! I was enthralled throughout and couldn't wait to see what the next chapter contained. I found much familiarity in the various stories from being in the insurance industry and having shared a few of the same company's as Bob. Excellent read! I have read more than my fair share of self-help books but this one truly stands out. Bob has been able to provide some very interesting insight into taking a good look at oneself and breaking down all those obstacles that we seem to worry over. All the while he presents it in a fun-to-read, highly entertaining method which can be appreciated by golfers and non-golfers alike. No matter what path you have chosen in life this book can help you do what you do and do it better. It's a quick read and well worth the purchase price.
