Maurice Dobb : Soviet Economy and the War bound with Soviet Planning and Labour: Volume 7 (Collected Works of Maurice Dobb) before purchasing it in order to gage whether or not it would be worth my time, and all praised Soviet Economy and the War bound with Soviet Planning and Labour: Volume 7 (Collected Works of Maurice Dobb):

In *Soviet Economy and the War* the author presents a concise factual record of Soviet economic developments during a short period. This book outlines the economic planning and performance that accompanied the military training and preparation to meet the onset of Nazism. To some extent complementary to Dobb's *Soviet Economy the War*, the author offers detailed studies of a few special aspects of the Soviet Economic System.

About the Author Multivolume collection by leading authors in the field
