Zig Ziglar : Staying Up, Up, Up in a Down, Down World before purchasing it in order to gage whether or not it would be worth my time, and all praised Staying Up, Up, Up in a Down, Down World:

I have listened to several of his CD's over and over again and I get a lot from them. But I wish I had not purchased this one. From the title, I had thought it would be advice on being more optimistic and cheerful. Instead, it is comprised of this: Mr. Ziglar gives a title, recounts an anecdote or vignette for a couple of minutes, and then gives an appropriate bible quote. In itself, that is fine. The problem is that as soon as one anecdote ends, and while you are still mulling over the meaning of it, another one starts. And then another one, and another one! Everything runs into each other in a big hodgepodge, and maybe its just me but my brain felt really agitated, like it was on overload! I was really glad when the first CD ended and I'm not sure I will ever be up to

listening to the other three. Too much, all at once!!! A better medium for this would be to have put the stories together in the form of a devotional that could be read, one at a time, on a daily basis. 0 of 0 people found the following review helpful. Terrific book in terrible condition. By Customer Zig Ziglar was a fantastic author and speaker. This book in particular, I already owned and purchased a second copy as a gift for a good friend. Sold to me as "New" condition, it arrived dirty with folded corners for bookmarks, dust jacket worn and dog eared and a broken spine. I wound up keeping the copy and gave my book to my friend. 0 of 0 people found the following review helpful. Excellent Gift! By Jamie L Taylor My father is ill and undergoing treatments. This was a birthday gift to keep his hopes up and he loves it!

The daily grind can be exhausting-both physically and mentally. Motivational speaker Zig Ziglar offers this devotional as an antidote to "jump start" your day! You can face each weekday morning with a power-packed message and end the day with encouraging words that will promote restful sleep. Full of motivation and inspiration, *Staying Up, Up, Up in a Down, Down World* is a combination of inspiring vignettes, humorous anecdotes, well-chosen quotes, and relevant Scriptures. Don't allow yourself to be dragged down by day-to-day trials; instead, allow the positive words of Ziglar to lift you up each day.

"A wonderful collection of inspirational messages from one of our most beloved business teachers. With the intensity of a seasoned preacher, Ziglar reminds us that God's rules are God's rules. Bending them will only create problems that he spells out with conviction and seductive grace. He's an expert on selling a way of life that few people today understand, let alone practice. Using Bible passages to help make his points, Ziglar gives us an old-fashioned but attractive view of how to fix what's going wrong in the world. Principles such as working hard and staying committed to your marriage no matter what are from an era we hardly know anymore." T.W. copy; AudioFile Portland, Maine
