5 of 5 people found the following review helpful. A terrific self help book!!!By trace luratiThis is a wonderful book once finished, to leave somewhere like the coffee table. I am sure it will be referred to often!! I actually wrote little notes in my mobile phone to inspire me and to help me to stop playing safe and have a go!! Another well written book

by Margie that makes sense. I have 3 words that I am working on at the moment and they are to become more ENGAGED with the people I am talking too. Being COURAGEOUS in what I need to do and say. Being PERSISTENT in trying to step out of my comfort zone. I look at these words often and apply them everyday to my life. I love her suggestions like "saying no to the good to make room for the great". "You get what you tolerate" "Say what I mean and mean what I say" All this and so much more, I really encourage you to buy a copy of this book and you too can learn to stop playing safe and become more courageous in your every day life. Another great book by Margie Warrell, keep up the great work!!! 1 of 1 people found the following review helpful. The motivation you need to get startedBy EJFGreat read! This book helped me understand the biology and psychology of what was preventing me from making the big step, and how to override it to achieve my goals.2 of 2 people found the following review helpful. stop playing it safeBy CustomerExcellent examples of how we can work to bring changes to our daily living. One for all ages to appreciate and learn, we are never too old to learn and make some changes to better out life.Give yourself time to work through this book to appreciate what is being shared.Jessy G

What could you achieve if you were more courageous? In an increasingly uncertain, competitive and accelerated world, we are hard-wired to avoid risk but the true key to success is courage--the courage to speak up and challenge the status quo, the courage to take risks, the courage to trust in yourself more deeply and seize the opportunities all around us.

"Adapting to change and taking chances are critical to your success. This book will help you with both. Get it, read it, enjoy the results." ~Jon Gordon, Best-selling author of The Energy Bus and The Seed
