Alexander Elder : Study Guide for The New Trading for a Living (Wiley Trading) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Study Guide for The New Trading for a Living (Wiley Trading):

Elder covers everything that is important in just the right amount of detail, and the chart illustrations are very clear. At first I thought I would not buy the book because of its price, but I am so happy I did. I have five other books on trading that are now superfluous because Elder's is so superior. The physical aspects of the book, ie size of the pages, glossy paper, use of color for clarity in presentation all add to the joy of reading this book and owning it. In

this age of sloppy ebooks, it is a real pleasure to find a book that has everything an author could do to put out a perfect piece of work. Well done Dr. Elder! 1 of 1 people found the following review helpful. Not beneficial enough to recommend By Thomas Lynema I am a big fan of the book this is based upon. This addition is just not thorough enough to be worth the cost. It needs roughly twice the number of examples and better explanations. 0 of 0 people found the following review helpful.
