Capitol Reader : Summary: The Ascent of Money: Review and Analysis of Niall Ferguson's Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Summary: The Ascent of Money: Review and Analysis of Niall Ferguson's Book:

0 of 0 people found the following review helpful. This is outright cheating by or whoo ever associated ...By Ravi Sundararajan This is outright cheating by or whoo ever associated. I have the original full edition of this book and I bought this just for convenience of carrying along. But the content is drastically reduced. The word "Book Summary" is misleading and I feel cheated. Well might say that I should have seen. But charging INR 259 just for summary is day

light robbery. The print edition is INR 450. I wish some one looks into this and refund me the money of 0 people found the following review helpful. Three Stars By Blanca Fortoullt's a nice summary

The must-read summary of Niall Ferguson's book: "The Ascent of Money: A Financial History of the World". This complete summary of "The Ascent of Money" by Niall Ferguson, a renowned historian, presents his argument that money is now more important than ever. In his book, the author provides a historical look at the world's biggest financial events and the impact they had. According to Ferguson, this historical account will show you that finance is, in fact, the true foundation of human progress. Added-value of this summary:

- Save time
- Understand how economics and finance contributed to human progress
- Expand your knowledge of finance and economic history

To learn more, read "The Ascent of Money" and learn about the historical financial events that led to the world as it is today.
