The must-read summary of Julie Morgenstern's book: "Time Management from the Inside Out: The Foolproof System for Taking Control of Your Schedule - and Your Life". This complete summary of the ideas from Julie Morgenstern's book "Time Management from the Inside Out" shows that a robust, high quality time management system is actually an ongoing feedback loop consisting of four steps: learn, analyse, strategise and attack. In her book, the author explains that the objective of time management from the inside out is to design a scheduling system that fits your needs like a glove. The real measure of success in time management isn't how much you achieve — it's how you feel about how you're spending your time. This summary will help you to achieve the right balance and become more productive.
