Vanessa Hack : Targeting the Powerful: International Prospect Research before purchasing it in order to gage whether or not it would be worth my time, and all praised Targeting the Powerful: International Prospect Research:

0 of 0 people found the following review helpful. DisappointedBy Jor W. K. DavidWith the hope to identify foundation trusts in Hong Kong to seek possible funding of my charitable organization. But it is rather disappointing to find out that the book only mentions a government department that has such a list. After searching the list that there are only the names of all the charitable organizations but no specific nature of what kind of charitable organizations they are. The book title is misleading to identify the prospect. The book is expensive and not helpful at all.David
