**Liz Weston : The 10 Commandments of Money: Survive and Thrive in the New Economy** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The 10 Commandments of Money: Survive and Thrive in the New Economy:

53 of 55 people found the following review helpful. Great Resource for those lacking Fiscal Common SenseBy tvbambiAs one whose intellectual acuity diametrically opposed to her fiscal common sense, I found Liz Weston's The

Ten Commandments of Money to be a wonderful resource for smart people who tend to do dumb things with money. Weston's book is like a great teacher's lecture: she never talks down to you, she shows diligence in making sure that you understand the key concepts and she gives you the tools to utilize what you've learned. I have already begun to put some of the commandments to work and I no longer feel that getting financially healthy is for other folks and not for me. Thank you, Ms. Weston!

By LibertarianReview  
LIZ WESTON knows finance and her words are for everybody who wants to be trouble free with their finances. A good credit score saves you money when you finance a home or a car or use credit cards. Her blog is especially helpful, and discusses basic finance everyone can understand  
This book details the following: Your home is not a piggy bank, Get a college education you can afford, Create a budget that works in the real world, and Pay off debt the smart way. Another book very popular is Your Credit Score--How to Improve The Three Digit Number. You cannot go wrong with this book and if you are budget minded you can buy a used copy for a little less.

By Brooklynite1018  
This book is awesome to describe it in one word. The book is so resourceful that I purchased it for a friend as a gift because of the wealth of information in it. I'm an avid fan of Suze but let's face it some of her advice is hard to apply to your own financial circumstance (like the 8 month emergency fund). Liz Weston is offering solid, practical advice for the current economic climate. This book is a great reference book and one that you will want to use page markers and a high lighter with.

From the #1 personal finance columnist on the Internet (Nielsen/NetRatings)-a clear prescription for financial health in the 2010s and beyond. For previous generations, living within your means was a simple formula. Now, with the staggering rise in education, health care, and housing costs, millions of people find themselves skating from paycheck to paycheck with no idea how to move forward. As the most-read personal finance columnist on the Internet, Liz Weston has heard the questions and has the answers. Her 10 Commandments of Money will help readers avoid critical mistakes, survive the bad times, and thrive in the good ones. Just a few of Weston's invaluable pointers include how to: bull; Balance Your Budget bull; Pay Down Toxic Debt bull; Get the Right Mortgage bull; Pay for College bull; Save for Retirement bull; Maximize Your Financial Flexibility Liz Weston's goal is to provide THE practical guide to the brave new world of money. What Sylvia Porter's Money Book was to the 1970s, The 10 Commandments of Money will be for the 2010s.

From Publishers Weekly  
The financial crash and subsequent recession have exploded many people's ideas of how money was supposed to work: micro and macro financial behaviors that precipitated the stock and real estate bubbles have now been shown to be ill-conceived, dangerous, and unsustainable. Financial columnist Weston provides a workable happy medium between fear and fecklessness, guiding readers to create a budget that works in the real world, create a survival plan with cash and credit, pay off debt the smart way, embrace risk sensibly, plan for retirement, and maintain communication about spending in a marriage and a family. Loaded with tips and ideas and illustrated with plenty of examples, this book hits all the major themes for total financial literacy in a conversational, digestible tone, backed up with clear "action steps" at the end of each chapter. A godsend for the financially befuddled, bewildered, or just plain anxious. (Jan.) (c) Copyright copy; PWxyz, LLC. All rights reserved.
