Pamela Mitchell has an amazing sense of what people are really going through in their search for true fulfillment in their work and in their lives. She offers so many practical strategies and in a do-able order. Her "extras" at the back of the book and available on her website offer huge value to the reader. I would recommend this book to anyone who is "searching" and is ready to work with a powerful plan.0 of 0 people found the following review helpful. Informative, Intelligent Instructional !!By Phyllis A. SchneiderI found this book to also be refreshing, not the same old, same old as usually preached to women. Recharges ambition. Offers practical steps to one's goal. As a retired Mother of two women one in her 50's the other in her 40's even though they are career accomplished, in this economy and with my longevity of life and experience this book offers very sound reasons and methods of providing for a "Plan B" if needed or desired. This book will be in their Christmas stocking's this year.
