Marcos Alberto von Bahten : The Beacon before purchasing it in order to gage whether or not it would be worth my time, and all praised The Beacon:

"The Beacon" has been published with the main purpose of helping small companies, configuring a possible troubleshooting tool, skillfully filling the existing gap in the sector, an instrument capable of helping entrepreneurs in their search for guidance.

About the Author Marcos Alberto von Bahten has a degree in Languages and is the author of The Crew, The Rescue,

and The Trail and The Dawn. He has worked as a Radio and Radar specialist at the Brazilian Air Force (FAB) and held several positions in teaching, researching, and development areas. As a business consultant, he collaborated with the Fundação Empreender, a Brazilian foundation congregating trade and industry associations in the State of Santa Catarina, which among other goals aimed at promoting and disseminating experiences related to organizational development and the opening of trade associations focused on integrating small and medium-sized companies.
